

CESAER Student Challenge 2023

Content of the form for submission

This note presents the content of the form that teams are asked to submit, and will help you prepare your submission. We expect the form to be filled out by the Team Leader, who should be a student or PhD candidate from one of our [Members](#).

The form has the following structure:

- Information on the Team
- Eligibility criteria
- Abstract submission
- Video submission
- Supplementary information

To get the link to the online submission form, you will have to contact the Institutional Liaison (CESAER's contact person) within the University of the Team Leader. **Your submission must be endorsed by the CESAER Institutional Liaison from your University.** To know how to find your Institutional Liaison, please visit our [webpage](#). We advise you to contact the Institutional Liaison within your University as soon as possible.

Typeform content

Background and information

Please read the guide for students, available on our [website](#), before completing this form.

The deadline for your submission is on 31 July 2023 at 23:59, local time Brussels.

Information on the Team: Team Leader and Team Structure

Dear Team Leader, thank you for your interest in the CESAER Student Challenge 2023. We will start by asking for your contact information.

- What is your contact information? [First Name; Last Name; Email]
- Which CESAER member university are you enrolled in? [Dropdown options with our 58 [Members](#)]
- What is your study level? [Bachelor, Master, PhD candidate].
- What is your field of study and scientific topics of particular interest?
- Do you have any other members within your team?

CESAER

The strong and united voice of universities
of science and technology in Europe

- For each Team Member in addition to the Team Leader, we ask for First Name; Last Name; Email; Institution (such as university or company); Field of study (past or current); Current study level (if applicable)]
- Teams can add up to 4 additional members. If teams are made up of more than 5 members, the Team Leader is invited to include the list of team members in the PDF that can be uploaded at the end of the form, including for each Member: First Name; Last Name; Email; Institution (such as university or company); Field of study (past or current); Current study level (if applicable).

Eligibility criteria

Thank you for providing information on you and your team. We are now checking whether you fulfil the eligibility criteria for the CESAER Student Challenge 2023.

- What are the contact information of the Institutional Liaison within your university? [First Name; Last Name; Email]
- Which Sustainable Development Goals does your idea primarily address? You can select up to 3 goals [Dropdown option within the [17 SDG](#)]
- Has your idea been presented to the public yet?

Abstract submission

We are now inviting you to pitch your idea and answer how it fulfils the different criteria of our Challenge.

- Pitch of the idea (maximum 8000 characters spaces included)
- How does the idea fulfil the criteria of novelty? (maximum 3000 characters spaces included)
- How does the idea fulfil the criteria of scientific and technological excellence? (maximum 3000 characters spaces included)
- How does the idea fulfil the criteria of sustainability and impact? (maximum 3000 characters spaces included)

Video submission

You are now invited to upload the video presenting your idea (max 10MB)

I agree that the submitted video be shared publicly on CESAER's website and media [Yes/No]

Supplementary information

We give you here the option to submit a PDF including additional charts, tables, figures, graphics, and schemes or your team composition (max 10MB)

Feel free here to add any supplementary information on your submission (maximum 1000 characters spaces included)

Thanks for submitting your idea to the CESAER Student Challenge 2023!

We look forward to reading it. Remember that, if your idea is qualified as one of the best 3, you will be invited to the CESAER Annual Meetings in Madrid from 18 to 19 October, where you will get to meet with experts and leaders of our Member Universities, and where the winning team will be announced.
