CONCEPT:
THE PATENT MARKETPLACE

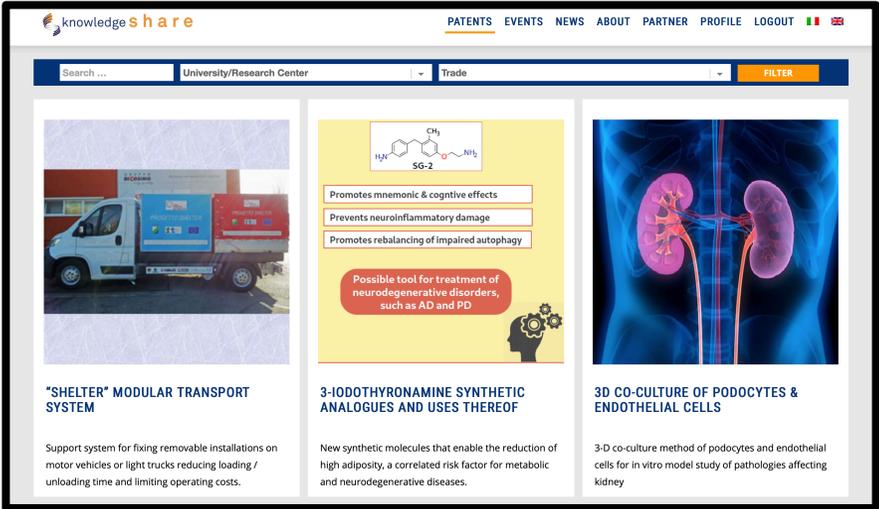

Patent data are expressed in a *simple and direct language* avoiding the technicalities of patent language

Users can navigate the website and look for the inventions that match with their interests or needs by *filtering them* for **OWNER** or **TECHNOLOGICAL SECTOR** or **KEYWORDS**

OBJ: CREATE A TOUCHPOINT

Once one or more technologies have been identified, users can *download* a “summary sheet” and *request a CONTACT* with the patent owner

DOWNLOADS PATENT INFO

Marketing Annex

The *marketing annex*, is designed to summarize the *advantages*, the possible *applications* of the patent and how it can go beyond the limits of the “as is” technologies / solution available on the market.

ENGAGEMENT

Critical Success Factor

TOTAL QUALITY CONTENT

Each tech brief is reviewed by our team, so that its editorial style is robust over time and contents are aligned to our standard

ACTIVE FOLLOW UP

Each contact generated by the platform is in charge to the owner's TTO, but our team follow each step of the process in order to continue to deliver value

MARKETING CAMPAIGNS

The brand awareness is fundamental for a digital platform, and we are investing in ADV and social mirroring

INSTITUTIONAL PARTNERS

Partnering with the Italian Patent Office we got the right institutional support and offer to the contributing universities and research centers incentives to upload and maintain contents

NETWORKING HUB

Thanks to Netval, which made KS one of its flagship program, we can count on the continuous engagement of the entire italian TT community

FREE TO USE

We believe the flow of knowledge from academic institutes to the industrial world must be free from any barrier that can undermine the start of new collaborations
