CESAER

Invites you to the

INTERNATIONAL CONFERENCE ON **ACADEMIA AND INDUSTRY RELATIONS**

THE ACADEMY OF TODAY FOR THE INDUSTRY OF TOMORROW

During the three-day event

we will review diverse international models of cooperation between industry and academia, with the goal of developing new methods to leverage academic output for the good of local and international ecosystems.

The conference will bring together

leading international research universities: Presidents, Vice Presidents for Research, Research Authority Directors, Technology Transfer Leaders, and senior managers from international companies are invited to converge, learn, discuss, and develop new methods for collaboration.

Plenary Lectures by:

Yoelle Maarek

VP of Research, Alexa
Shopping, Amazon
